

## **STUDENT RECORDS / RIGHT OF PRIVACY**

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day the CES COLLEGE ("School") receives a request for access. A student should submit to the Student Services Department a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the school to amend a record should write to the Student Services Department, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the school decides not to amend the records requested, the school will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to provide written consent before the School discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorize disclosure without consent.
4. The school discloses education records without a student's prior written consent under the FERPA exception or disclosure to school officials with legitimate educational interests. A school official is a person employed by the CES COLLEGE in an administrative, supervisory, academic, research, or support staff position; a person serving on the board of directors; or a student serving on an official committee. A school official also may include a volunteer or contractor outside of CES COLLEGE who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for CES COLLEGE. Upon request, the school also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202.

Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student.
